San Antonio Orthopaedic Group Adds Hand and Wrist Specialist

*Dr. Christian A. Woodbury will see patients at the Group's Medical Center,
Westover Hills and Southeast locations*

(SAN ANTONIO) October 27, 2010 — Hand and wrist specialist, Christian A. Woodbury, M.D., has joined the San Antonio Orthopaedic Group (TSAOG). Dr. Woodbury will treat orthopaedic conditions of the hand, wrist, and elbow and will see patients of all ages. He will see patients at the Medical Center, Westover Hills and Southeast TSAOG locations.

Dr. Woodbury's special interests include fractures of the hand and wrist, rheumatoid and osteoarthritis, carpal tunnel, cubital tunnel and other compressive neuropathies; arthroscopic and minimally invasive procedures, elbow pain, trauma care and reconstructive surgery.

Dr. Woodbury, is a board-certified surgeon with fellowship training in hand and microsurgery. He attended medical school at the University of Texas: Southwestern. He completed a fellowship in hand and upper extremity surgery at Baylor College of Medicine, and Advanced microsurgical training at the Cleveland Clinic.
